

NCE Extended Access Terms and Conditions

This offer entitles individual teachers that complete the Newsela Certified Educator (“NCE”) Course to free premium access to the Newsela products of their choosing (Newsela ELA, Newsela Science, Newsela Social Studies, or ALL) for one calendar year from the date of claiming this offer.

This free extended access program is intended for only individual teachers, who are not currently licensed under a paid Newsela subscription and will only be valid for teachers that complete the self-paced online “NCE” course as an independent professional development opportunity. Free extended access to Newsela’s products will not be awarded in exchange for mass, site-wide or group NCE certifications. Newsela reserves the right to revoke any trial(s) that are in breach of this stipulation at any time.

Newsela reserves the right to require users with free access to re-authenticate their trial at any time during this period including participation in surveys or additional programs as defined by Newsela. Newsela may also revoke inactive trials (defined as 90 days of inactivity) on dormant accounts without warning and with no liability. Newsela may require teacher action to reactivate free access.

By claiming this offer and opening an account, teachers accessing Newsela agree to Newsela’s Terms of Use, Newsela’s Privacy Policy.
