

Power your cross-curricular instruction with Newsela Learning Suite

Newsela Learning Suite accelerates teaching and learning across subjects.

The Newsela platform includes a library of 18,000+ pieces of content with texts available at five reading levels, Luna-powered AI scaffolds, & real-time reporting insights to drive instruction forward.

Newsela ELA strengthens literacy skills with relevant, content-rich resources.

Includes Newsela platform features, plus:

- **Curriculum Complements** aligned with widely used K-12 ELA curricula.
- **Novel and Book Studies Collection** supporting 500+ of the most commonly taught novels.
- **Decodable Texts for Older Readers** to rebuild foundational literacy skills.

Newsela Social Studies prepares young citizens with relevant, responsive materials.

Includes Newsela platform features, plus:

- **Curriculum Complements** aligned with widely used K-12 social studies curricula.
- **State-Specific Editions** to help teachers meet local knowledge requirements.
- **Primary Sources & Current Events** for connecting history with students' lives.

Newsela STEM makes real-world science relevant and integrates technology, engineering, & math.

Includes Newsela platform features, plus:

- **Curriculum Complements** aligned with widely used K-12 science curricula.
- **Generation Genius Science & Math Videos** featuring real-world phenomena.
- **Claim-Evidence Reasoning (CER) Prompts** to strengthen scientific thinking.

Launched fall '25!

Newsela Writing is a companion solution you can add to your instructional routine to strengthen cross-curricular writing skills in Newsela ELA, Newsela Social Studies, and Newsela STEM.

Newsela Writing nurtures confident writers with instant, rubric-aligned feedback.

- **Customizable assignments** that are ready-made and support any subject or genre.
- **Luna-powered AI feedback** to give students instant guidance while saving teachers time.
- **Assignments & District Usage Reports** to surface performance trends.

How does Newsela Learning Suite work?

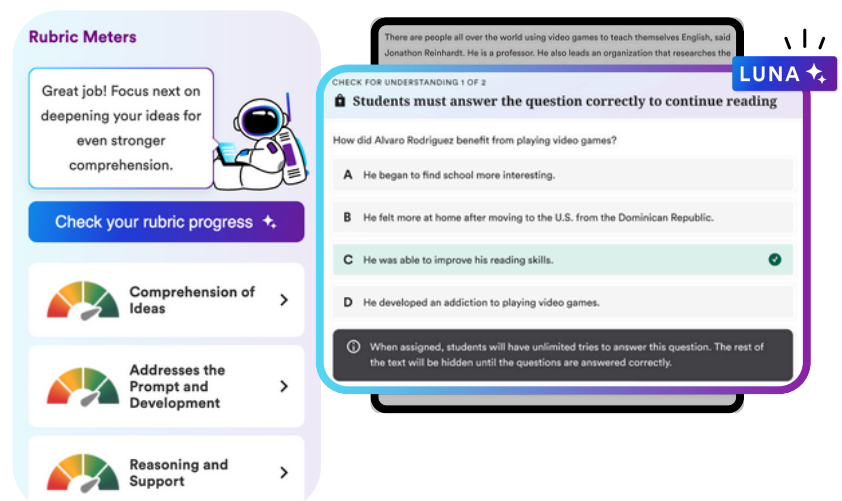

Teachers maximize their instructional routines by strategically leveraging the content library in the **Newsela platform** and integrating its texts into cross-curricular **Newsela Writing** assignments.

Plus, your **AI-powered assistant Luna** works consistently across solutions.

Luna supports teachers in designing activities, creating graphic organizers, and differentiating text.

Students are supported with paragraph-level text translations, providing real-time, standards-aligned writing feedback, and much more.

Professional learning at your fingertips

From the Newsela Certified Educator Program to in-person professional learning, we offer a range of implementation services to meet your needs.

- ✓ Free self-paced certifications, on-demand training videos, and resources
- ✓ Premium PL Pass content helps educators expand their instructional practices
- ✓ Tailored virtual and in-person add-on sessions to further district-specific goals

Drive outcomes with a suite of solutions that help teachers engage, support, and grow every learner.
