

Flexible, standards-aligned content to meet Nebraska students where they are

Across subjects, great content can make all the difference. The right resource facilitates meaningful classroom learning for every student.

Packed with resources to help teachers lead exciting lessons and motivate students to participate, Newsela content solutions provide differentiated, standards-aligned instructional materials.

NEWSELA ELA

Authentic content, assessments, and teaching resources to drive real world literacy skills—wherever students are learning.. Teachers can use engaging, relevant, and representative content that is accessible to all students and standards-aligned, so that students can develop the literacy skills they need to be successful.

KEY FEATURES:

Collections that help teachers and students reset and review key ELA skills, Curriculum Complements, vocabulary, fiction, novel study, paired texts, and research projects

NEWSELA SOCIAL STUDIES

Whether reviewing concepts, or following your regular scope and sequence, meet students where they are with differentiated, authentic content that is as foundational as the U.S. Constitution and as up-to-date as yesterday's news. Content and activities are aligned to Nebraska state standards and paired with flexible teaching resources to give teachers everything they need for social studies instruction.

KEY FEATURES:

Collections that help teachers review key social studies concepts, Curriculum Complements, primary sources and current events paired texts, support for covering complex topics, and teaching resources like inquiry-focused lessons aligned to C3 framework

NEWSELA SCIENCE

Integrate literacy and science and revisit core ideas with up-to-date science content that is paired with literacy-centric lessons and aligned to science standards. Content is flexible enough to be used in or out of the classroom, with embedded science activities that spark students' curiosity and get them connecting science to their lives and communities.

KEY FEATURES:

Collections that help teachers review Disciplinary Core Ideas, Curriculum Complements, instructional resources aligned to NGSS, real-world phenomena content, lessons ideas with performance tasks and hands-on activities

THE NEWSELA SEL COLLECTION

Support student wellbeing with engaging, representative content that helps learners of all grade bands cope with uncertainty, manage stress, build routines, and more.

KEY FEATURES:

Engaging SEL content selected to resonate with elementary, middle, and high school learners, and embedded strategies and lesson ideas that align to the CASEL framework
